

## Mathematics Teacher

### Job Summary

La Salle Catholic College Preparatory is seeking a full time mathematics teacher for the 2023-24 school year. Teaching courses could include AP Statistics, Statistics, and Geometry (subject to change depending on candidate). Seeking candidates to develop responsible, enthusiastic, and dynamic learners who strive for lifelong learning. The Math Department at La Salle promotes not just mastery of content, but nurtures the ability to problem-solve, reason abstractly, communicate appropriately, and apply knowledge inside and outside of the mathematics classroom.

### Our Mission

Inspired by St. John Baptist de La Salle, La Salle Catholic College Preparatory develops students of faith, service, and scholarship by providing a transformative education allowing students to realize their maximum potential and use their gifts to serve Christ and humankind.

La Salle optimizes financial and academic accessibility for students, especially the underserved, who desire a rigorous and relevant education preparing them for college and life.

The La Salle Prep community inspires students to find their voice as global citizens, to put their faith into action, and to lead exceptional lives of integrity, honoring the God-given dignity of all.

### Equity Statement

Guided by our Lasallian Catholic mission and core belief in God's presence in all things, La Salle Catholic College Preparatory commits to equity, inclusion, diversity, and justice. [View our full equity statement here.](#)

### Essential Duties

- Support La Salle's mission as a Lasallian, Catholic school and engage in the life of the school community
- Provide an academically rigorous curriculum that aligns with Mathematics department curriculum / content maps
- Possess a passion for working with young people and a desire to engage them in critical thinking, inquiry, and problem solving
- Demonstrate cultural competence and strategies to promote equity, inclusion, and belonging in the classroom

- Participate in professional learning teams, departmental goal setting, and school-wide professional development initiatives
- Monitor student progress using frequent formative and end of unit summative assessments
- Maintain accurate student grades and records
- Build and maintain positive relationships with students and staff.
- Communicate effectively and consistently with parents and colleagues
- Possess ability to leverage technology for student learning in a 1:1 environment
- Differentiate instruction to students on an accommodation plan
- Contribute to the larger school community through occasional prefecting duties or participation in student life activities.

### **Education and Experience**

- Bachelor's degree or higher in the subject area or related field
- Hold current Oregon Teaching Certificate with Basic or Advanced Mathematics Endorsement
- Prefer at least three (3) years relevant experience including teaching high school level math courses

### **Application Process**
